

BIC: Environmental Consultant

Jobs Friday, 29th October 2021

Book Industry communication (BIC) is seeking an experienced Environmental Consultant (or consultancy) to help develop and deliver against both BIC's and the Green Book Alliance's schedule of work with regards to greening the book industry supply chain nationally and internationally

The role will also involve assisting in the development and execution of sustainability policies for both BIC and the GBA on behalf of the book industry.

Key areas of responsibility include: delivering against both BIC's and the GBA's Environmental Work Plans with regards to greening the book industry supply chain; promoting BIC's vision, strategy, activities, and agenda in the green space; working closely with BIC's Executive Director, the Chair of the Green Supply Chain Committee and the additional two founders of the GBA; to be an ambassador for BIC and the GBA and provide thought leadership with regards sustainability for BIC's membership and its various strategic committees.
